EIGHTEENSIXTY3: PROTECTION AT ITS BEST

A WAKE UP CALL TO ADD MUCH NEEDED DIVERSITY TO RISK MANAGEMENT SERVICES

Here is an opportunity to help level the playing field for business owners and aspiring entrepreneurs who historically have lacked access to wealth or business opportunities.

CASUALTY INSURANCE

By forming strong partnerships with our clients, using gap analysis, and looking at your overall business, we provide customized, comprehensive, and cost-efficient risk management solutions.

CYBER SECURITY INSURANCE

Prevent, mitigate, manage and recover from a cybersecurity incident. Businesses without sophisticated cyber security systems in place make for an attractive target for hackers looking for a quick profit.

WORKERS' COMPENSATION INSURANCE

We work to fully understand your industry, company, and the intricacies of workers compensation coverage. Our risk management team offers the expertise you need to understand every available option.

PROPERTY INSURANCE

We have claims advocacy with coverage across your entire business with global reach, along with proprietary appraisal services.

PROFESSIONAL LIABILITY

Quantitative analysis and Benchmarking that guides more informed and precise coverage structures, including measuring judicious use of Side-A only D&O liability insurance.

CERTIFICATE OF INSURANCE COMPLIANCE

Strategic compliance for guidance, alerts, resources and toolkits.

AI CLAIM COST PREDICTION

Our Core engine uncovers complex patterns, trends, and correlations that otherwise would go unnoticed.

RISK MANAGEMENT & MITIGATION

The team finds answers that help win cases, avoid risks, reduce costs, and address critical underwriting requirements. By expediently investigating claims, the risk and cost of "long-tail liability" is reduced.

STRATEGIC ADVANTAGE

Our minority and veteran ownership with 30 years experience nationally and internationally provide the ability to access top corporate purchasing agents, premium networking events and introductions to nationally known corporations.
